## *Annual Speech Day 2018 | 2019*

Our Speech Day this year was held on 13 December 2019. It was an enjoyable and memorable occasion for all the members of Sir Ellis Kadoorie School (West Kowloon) to gather and celebrate our academic achievements and outstanding performances in sports and other areas.

The Principal, Mrs. Yeung Kwong Mong Ha, reported the continuous improvement in all aspects of school life. She highlighted our outstanding performance in languages, especially English Language in HKDSE, which was very encouraging. She thanked teachers for all their hard work in teaching and in carrying out a large number of programmes for extracurricular development, career preparation, guidance and counseling, moral and national education, aesthetic training and social services. Our students' experiences and horizons have been immensely widened as many of these programmes are joint projects with big business corporations, companies and hotels.

The guest speaker this year is one of our outstanding alumni, Dr. Ricky Tso Van Yip, who graduated in 2005. He specializes in educational psychology and is now serving as Assistant Professor of the Department of Psychology at the Education University of Hong Kong. He thanked the school for nurturing his growth and success and shared his feelings that he had gained a family in our school. The school for the students is really a factory of 'dream achievers' and he encouraged his fellow schoolmates to develop their talents and potentials and achieve their dreams globally.

We must thank, of course, all the parents, friends and guests joining us on this joyful day. After the solemn certificate presentations, they were entertained with a magic show, singing performance, oriental and Indian dance, and a delectable assortment of delicious refreshments prepared by our students.

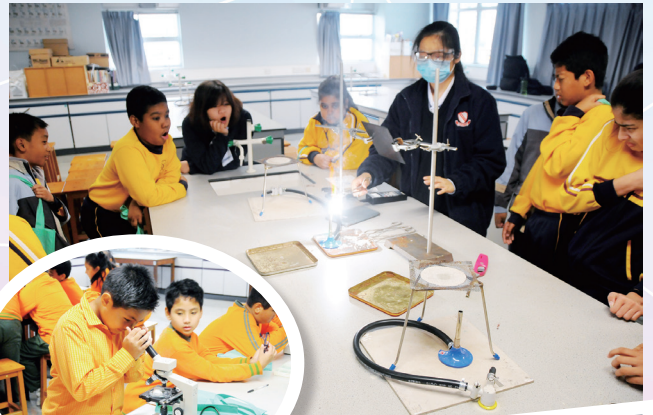

# P6 Information Day 2019

16 December 2019 was a day of fun and excitement in our school for more than 259 Primary 6 students from 6 primary schools. It was our P6 Information Day. The primary school visitors who might well be the future members of our school were received with warmth and sincerity.

Our principal, Mrs. Yeung Kwong Mong Ha, first gave her welcoming speech, followed by a souvenir presentation and the Inter-Primary School English Impromptu Prose Reading Competition. We were amazed at the talents of these young performers who showed both great skills and confidence in their performances.

After the competition, our visitors started their journey of fun exploration culminating in yells of joy and excitement. Besides making handicrafts, there were game booths for ancient Chinese traditional games, traditional Chinese costumes and snacks. Moreover, they could also try different biological and chemical experiments in the laboratories and quizzes in Computer Room. All participants were awarded with gifts and snacks. The highlights of the day were the sports competitions in the covered playground. Our visitors participated actively in various types of sports including table-tennis, basketball, volleyball, badminton and fitness drills. Right after these sports activities was the Hindi/Urdu Story Telling Competition. The winners, of course, were rewarded with trophies and medals. All contestants were offered candies and snacks. It was a win-win happy occasion for everyone.

# Sports Day 2019

Our school held the annual Sports Day 'heats' and 'finals' on 20 September and 2 October 2019 respectively. The zestful and exciting events provided students with wonderful opportunities to demonstrate their sporting techniques and talents.

The day officially kicked off with Principal Yeung Kwong Mong Ha presiding over the flag-raising ceremony and singing of National Anthem at Lai Chi Kok Sports Ground on 20 September 2019. After that, as always, athletes from four Houses battled it out in the field and track events to bag the most scores and championships for their houses.

The final day was marked with exhilarating 'Cheering Competitions' from the four teams, which dazzled the spectators and athletes alike. Members from different Houses amplified venue with the cheers for their respective teams during the 'Cheering Competitions'. The Sports event concluded with prize presentations by the Guest of Honour, Ms. Poon Po Na, our former Assistant Principal, and her message of praise for the athletes' impressive display of sporting talents. Repeating history, Blue House bagged the overall House championship with 2200 points followed by Yellow House with 1700 points.

# The First Staff Development Day

The First Staff Development Day was held on 17 October 2019. It started with 'Teachers & School Management Sexuality Education Training' by Mothers' Choice. The training was well-received with colleagues putting a lot of time and effort in the discussion and the presentation. The second session was the 'iWork for Lesson Design and Self-directed Learning Workshop' by Apple Inc. Education Development. Teachers were enthusiastic about learning to use new platforms and apps in their teaching and was ready to try out the new strategies they had acquired.

The afternoon programme of Subject-based Enhancement Programme arranged by individual Departments or KLAs was the highlight of the day. The English and Hindi Department paid a visit to the Temple of International Society of Krishna Consciousness (ISKCON) for spiritual awakening. Teachers were enlightened by the speech of the speaker and enjoyed a sumptuous lunch. The Urdu Department went to Kowloon Mosque and Islamic Centre for resources and teaching strategies from the Imam.

The Liberal Studies, Life & Society, THS, Geography, HE and Music Departments visited the West Kowloon Cultural District to understand how the new measures and infrastructure help promote art and food culture, tourism and economic development.

Various Departments went to different universities for exposure and enhancement. The BAFS, Biology, Chemistry, IS, Maths, Physics & STEM Education Departments visited the 'Leonardo Da Vinci, Art & Sci ♦ Then & Now' Exhibition at City University of Hong Kong for STEM Education and Innovative Learning whereas the ICT Department went to HK Polytechnic University Material Resource Centre for the discovery of interesting materials and technologies.

Other more cultural oriented programmes included visit to XiQu Centre to understand traditional Chinese culture in arts and tea by the Chinese & NCS Chinese Departments and City Gallery and City Hall Library to explore the resources about Hong Kong's major planning proposal by the Economics Department.

The Chinese History Department attended the Learning Circle for supporting NCS students to study Chinese History at EDB Kowloon Tong Education Service Centre and the Visual Arts Department had an interflow with the VA teachers at Kowloon Technical School for teaching strategies on ceramics making. The teachers of PE Department immersed themselves in a workshop of ice-skating at one of the renowned ice-skating rink in Hong Kong.

It was surely a fruitful day for every staff member and our students would, eventually, benefit from it.

# First Meeting with Parents

The First Parent Meeting was held in the late afternoon of 27 September 2019. Many more parents participated in this year. The Principal commenced the meeting with a welcoming message, encouraging parents to participate actively in all school functions. Mr. Kwok Wai Man then explained the school's eClass apps in details and helped parents to install it afterwards. It was followed by the School Social Worker's informative talk on how to spot and handle children's emotions. Parents found the talk timely and relevant to their children's needs.

After a brief break, parents looked forward to the opportunity of meeting their children's class teachers to inquire about their children's academic performance and social life at school. They also met most subject teachers in the School Hall to find out their children's performance and interest in various subjects.

Parents were generally very satisfied with the talks and meetings since they had a better understanding of their children's school life, and strengths and weaknesses in various subjects. They also found the time and venue arrangements appropriate.

Sincere communication between parents, teachers and students.

# Christmas Talent Show 2019

Celebrating the festive Christmas season, students from different classes showcased their thrilling performances in the Christmas Talent Show held on 20 December 2019.

A panel of judges comprising teachers from various subject disciplines evaluated the students' performances. This year's champions were selected from different categories such as singing, dance and other performances. In the singing category, 4D Rana Seran dazzled the audience with her most spectacular performance of the song 'No One', which was originally sung by Alicia Keys, a famous American singer, songwriter and musician. In the category of dance, Nepalese students 5E Thapa Saniya, 6C Rai Monica and 6C Gurung Shima bagged the championship with their stunning dance performance in a Hindi song. In the other category, 2B student Chu Yiu Tin took the major honor again this year for his thrilling magic tricks. He was also the champion in last year's Christmas Talent Show.

The school has been nurturing students' talents in non-academic domains for years through the annual 'Talent Show', which have become the major attractions for students and teachers to treasure their sweetest memories for the years to come. Christmas Talent Show also provide students with the best platforms for exploring their hidden talents and building their self-esteem.

# S6 Inter-school English Oral Practice

‘Three, two, one, go!’ No, this wasn’t a race but the students’ cue to deliver their one-minute responses.

In the afternoon of 8 November 2019, our English Department hosted the S6 Inter-school English Oral Practice in the school hall. The 150 participants from our school, Helen Liang Memorial Secondary School (Shatin) and Kowloon Technical School honed their English language speaking skills by sharing their ideas and opinions about selected topics in the group interactions, and then delivering one-minute individual responses. The session culminated in the ‘Inter-school Individual Response Challenge’ when three representatives –one from each school – were pitted against each other. The three contestants gave great responses, and the constructive comments from teachers gave them food for thought to help them improve their performance in the speaking paper.

All-in-all, the English oral practice session was productive and fruitful, and it provided an opportunity for the three schools to forge ties through collaboration.

# It's fun to learn Chinese History!

Being a pioneer of promoting Chinese History education to non-Chinese speaking students in Hong Kong, our school has already adopted the 'Revised Chinese History Curriculum Guide (Secondary 1-3)' and implemented our first-ever Chinese History curriculum, starting from S1 in this school year. With the substantial support in curriculum development as well as resources from EDB, we put our best efforts to make the learning more interesting.

# STEM Education

STEM is an acronym of the words Science, Technology, Engineering, and Mathematics. In recent years, our school has actively promoted STEM education, enabling students to acquire interdisciplinary learning skills and to cultivate innovative thinking and problem-solving skills.

In STEM for S2, students can learn LEGO EV3 robot and program during the lesson time. The programme has enabled our students to develop creativity, problems solving and collaboration skills while consolidating their knowledge in science, technology, engineering and Mathematics. There is also a STEM programme for ALL in which 13 selected students have joined a drone training program after school. Students can learn the way of controlling drone and developing the suitable control programme.

# 五校聯辦 DSE 中文科「口語溝通」訓練日

為了讓中六學生於應考中學文憑試中文科卷四「口語溝通」前，進行實戰練習，五校攜手合辦「DSE 中文科口語溝通訓練日」，讓學生汲取經驗，並藉此掌握應試技巧。

「聯校 DSE 中文科口語溝通訓練日」已是第二年舉辦，本年度由官立嘉道理爵士中學（西九龍）主辦，參與學校有天主教伍華中學、九龍工業學校、粉嶺官立中學和天主教慈幼會伍少梅中學，五校合共 69 位學生參加，13 位老師擔任口試主考員。

訓練日在 2019 年 10 月 12 日於官立嘉道理爵士中學（西九龍）舉行，活動形式是仿照文憑試考試的模式，學生分派到備試室報到及備試；然後由教學助理帶領到課室考口試；每位參與的同學有參加兩次口語溝通練習機會，各組編排了各校學生作討論，並由不同老師評分評講。

活動流程順暢，學生能實質模擬一次文憑試口試的實戰情況。學生從備試、應考和向老師討教的過程中，表現投入認真。老師和學生在口試之後的評論部分，學生反應熱烈，紛紛主動向老師討教。學生都覺得活動非常有用，並隨即詢問此活動會否繼續舉辦。

# 「跨科教學」 促進學習效能

本校參加教育局語文教學支援組「支援非華語學生學習中文教師網絡」活動，以跨科協作打通學習內容，讓學生成為靈活的運用者。

本科在中二級以「中國傳統節日」為主題，進行跨科協作，當中包括非華語學生中文科、音樂科、家政科和視藝科，協作設計教學內容和活動，按各科的特色設計學習內容和體驗活動，既提升非華語學生的學習動機，亦拓寬和連結學生在不同學習領域上的知識網絡。

本校在教育局語文教學支援組非華語學生中文科「教師網絡」活動中，分享如何在初中進行跨科協作，分享學與教經驗和感受。

# 18th Singapore-Hong Kong Exchange Programme 2019

The Singapore-Hong Kong Exchange Programme is a signature programme between Singapore Ministry of Education (MOE) and Hong Kong Education Bureau (EDB). The theme in 2019 is Open Minds, Open Hearts, which reminds all of us to be proactive and empathetic in reaching out and connecting with friends from different cultures and backgrounds.

Out of 59 students from 8 secondary schools, 3 of our students (Tang Pik Shan Angel, Li Yin Ho Wendy and Pan Lingxin Tom) were lucky enough to be selected to join this programme which was held on 13 to 20 July 2019. They spent their summer holiday immersing themselves at West Spring Secondary School in Singapore during the weekdays and had fun-filled time with their buddies and host families during the weekend. Apart from attending regular lessons at West Spring, they also got chances to enrich their knowledge on horticulture and wildlife animals at Gardens by the Bay and River Safari respectively during the programme.

What did the students miss most in this programme? Their buddies! Despite the short period of studying and living together, we sincerely believe their friendship is everlasting. Our students have benefited from the exciting and enriching activities arranged during their Singapore visit and would consolidate the precious friendship developed with their Singapore buddies.

## Students' reflection

### 3C Li Yin Ho Wendy

In this programme, I learned Singapore is a diverse, multiracial society where people of different backgrounds, races and cultures live together. Apart from Chinese New Year, there are other major festivals such as Hari Raya which is celebrated by Muslims, Deepawali celebrated by Hindus and Vesak Day was commemorated by Buddhists. My buddy, Jolene Tay, is a member of Guitar Ensemble at school. Thanks to her, I got the chance to practice guitar with her. She taught me Malay too. What's more, her family brought me to watch a stunning firework display at Bayfront Avenue on 17 July. Lucky me!

### 3C Pan Lingxin Tom

My buddy Jong Jia Cheng is an active boy. He is a member of the National Cadet Corps and he likes playing basketball and soccer. I like going to West Spring School because unlike my school, they have cooking lesson every week. Moreover, in West Spring, students had PE lessons in indoor sports hall instead of playground. How envious I was! My favourite part of the Centralised Programme is visiting River Safari. It is Asia's first and only river-themed wildlife park. Through various tasks designed for this programme, I learnt a lot more about how to protect fragile freshwater ecosystems. I also had close encounters with the giant panda, manatee and Mekong giant catfish. I wish I could meet my buddy again soon so that I could show him around Hong Kong.

### 3D Tang Pik Shan Angel

Singapore is a very nice place. The streets are clean and planted with many trees. The classrooms are bigger than those in my school but the teaching and learning modes are similar. Gardens by the Bay is a very spectacular tourist attraction. I enjoyed visiting Flower Dome there because there are a lot of flowers and plants that I have never seen before. Some flowers will eat people too! I miss my buddy Ang Jia Wei and the time we ate durian together.

# Beijing, Hong Kong and Macau Student Exchange Summer Camp 2019

The Beijing, Hong Kong and Macau Student Exchange Summer Camp 2019 was held in Beijing from 21 to 27 July 2019. Five S6 students, including Gurleen Kaur, Pun Babita, Wong Hang Yu, Wong Whitney and Aslam Maira, participated in the camp with Ms. Dunn Ling as the teacher representative.

The Summer Camp was jointly organized by the Beijing Education Commission Members, the Hong Kong Education Bureau and the Macau Education Bureau. It has provided an opportunity for a meaningful inter-flow among students and teachers of the three places and to equip participants with knowledge of the culture, history and the updated developments in China.

There were altogether 300 students and 30 teachers participating in the programme.

## Students' reflection

### 6A Pun Babita

The Summer Camp was a memorable trip to Beijing. We have made lots of friends from Beijing, Macao and Hong Kong. We visited many places like Sports University, the Great Wall of China, the Summer Palace and the Forbidden City. It was amazing to see in person the flag raising ceremony in the Tiananmen Square. Some Beijing students were very friendly. They helped translate Putonghua to English for us with their body language and simple English.

# Taiwan Study Tour

The Study Tour to Taiwan 2019 was held on 29 November 2019. It was organized by the Career Team. 15 students of S4 to S6 and 2 teachers joined the 3-day trip and visited the Ming Chuan University and National Taiwan Normal University. Students have learned the possibilities and procedures of applying to Taiwan universities and the learning style in Taiwan.

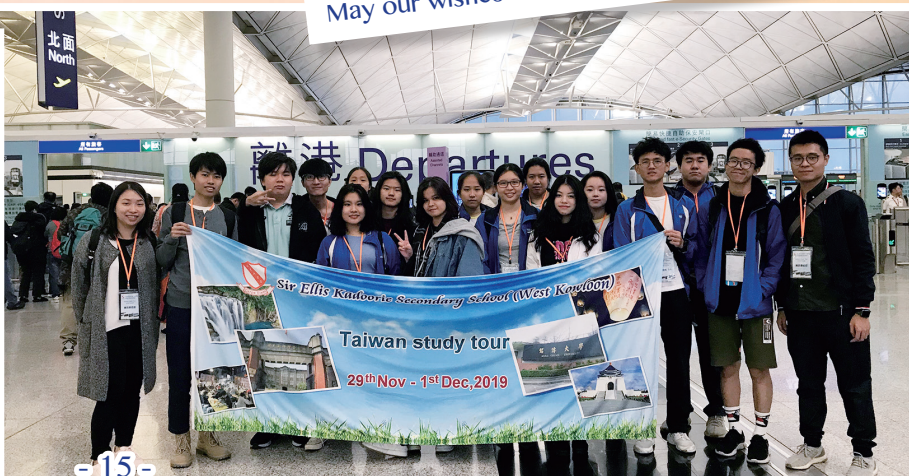

Students tried the local delicacies at the famous Raoche Street Night Market (饒河街夜市), went shopping at Jiufen (九份山城), flew sky lantern at Shifen (十份) and visited the Eslite Bookstore (誠品書店). They also visited the Palace Museum to learn more about the history of Chinese art from the Neolithic age to the modern time, and the collection of treasures kept by generations of Emperors ruling from the Forbidden City.

Our students found it a great pleasure to experience the living and life styles of students in Taiwan. It was truly an eye-opening and fruitful journey to all of them.

A visit to the Department of Applied Japanese in Ming Chuan University.

May our wishes on the lantern come true.

# 北京、武漢歷史文化 及創新科技探索之旅

一連六天北京、武漢歷史文化及創新科技探索之旅已於七月完滿結束。本校共有十名學生參與是次交流活動。這次行程十分緊密，首三天先遊歷武漢，再轉乘高鐵赴京繼續行程。學生主要參訪了武漢辛亥革命武昌起義紀念館、高科技園區及企業、北京長城、故宮博物院、清華大學、國家博物館、天安門和王府井等景點，讓他們認識到國家的歷史發展，拓寬視野，並思考國家發展帶來的機遇和挑戰。他們亦已於10月11日的成果分享會完成學習匯報分享，為是次交流團劃上完滿的句號。

## 學生反思

### 5A 黃金龍

通過此次活動，我深深感受到中國在科技上的高速發展，使其國際地位不斷提升。在參觀了K11集團轄下的大型廣場後，我亦明白到中國內地與香港的經濟關係是密不可分的。

### 5B 石展傑

參觀點的講解員都有豐富的知識和獨特的個人見解，也能準確地為我們解答疑難。今次行程的安排一環緊扣一環，從歷史、文化，以至科技都有觸及到，非常有意義。這讓我看到了中國逐漸成為經濟大國的歷程。

### 5A 關開枝

我最印象深刻的地方是中國鐵路武漢局集團公司（高鐵訓練段），那裏的講解員，教我們如何操作高鐵的運作，並讓我們模擬駕駛列車，十分有趣。

### 5A Coro Irish Joyce Gatlula

The most memorable place is Qianmen Street. It is very lively. There are lots of shops to buy souvenir. And, we got to buy a lot and tried plenty of street food, like candies haws, kebabs, etc. All the things are very cheap there.

### 5A Gonzales Joseph Adrian B

There were plenty of activities organized by the Education Bureau. I learned a lot about Chinese history and culture. The best part of the trip was visiting Qianmen Street. We tasted lots of food and saw some buildings that Hong Kong doesn't have.

# A Whole New World – The Peacemakers Project

## Peacemakers Youth Leadership Training Camp

From 6 November 2019 to 17 November 2019, 11 students joined a training camp organized by the Glocal Peace Centre, UNESCO Hong Kong Association and Glocal Peace Cadet Corps. The students were trained on how to be independent, communicate with others, and on leadership skills.

## PEACE FUN RUN Carnival 2019

On 15 December 2019, our students worked with the Glocal Peace Centre, UNESCO Hong Kong Association and Glocal Peace Cadet Corps to run a PEACE FUN RUN Carnival 2019. The carnival was aimed at raising funds for their Vietnam service tour in Christmas. 6 game booths were set by our students. All the games and activities were related to the 17 goals of Sustainable Development set by United Nations on building a better future.

## PEACE Villages – VIETNAM Service Tour

During the long Christmas Holidays, 10 of our students were selected to join the service tour to Vietnam. Our students shared their love and joy with the orphans there. They visited different orphanages in Cam Ranh and Kon Tum. They also helped the orphanages to hold Christmas parties, taught children English and Chinese as well as some football skills. They also did some cultural sharing and helped the orphans build their own farms to have sustainable food supply in the future. The students are now planning a fund-raising activity to buy some pigs and chickens in March 2020 to enrich the food choices for the unfortunate children in Vietnam.

## Vietnam Service Tour

## Students' Reflection

### 4A Ying Chun Yu

The children in Vietnam are very friendly and kind. I have learned a lot of things from them like how to be a good sister. Normally, I am very shy, and am always afraid of talking with strangers but in Vietnam, their happiness and kindness touched my heart. I started to play with them and we understood more about each other. This is the most wonderful and unforgettable trip that I have ever joined.

### 4B Brady Morgen Jay

The Vietnam Service Tour was really fun. We went to Cam Ranh and Kom Tun. During this trip we visited a couple of orphanages. The children treated us with care. For example, when our team arrived the orphanages, they greeted us with friendly faces and they asked many questions too. I learned about leadership, patience, and how orphanages work. If I can get this opportunity again I will definitely join it.

### 4B Chui Chi Yin

I am so happy that I could join this trip, and this is my first time to go to other countries. I learned a lot from this trip, like time management and teamwork. I and my teammates felt so happy with the kids, and we got a lot of gifts and souvenirs for them. Even though we have left Vietnam, we can still feel their warmth in those gifts.

### 4B Nip Yeuk Tung Roxanne

This is such an unforgettable trip. The children there shared food with us and we talked, danced and did work together. Through this trip I understand the importance of communication and team spirit. Working as a team makes us feel better and safe.

### 4C Sunita

It was my first time to visit Vietnam and it was such a great experience. We helped poor kids there and got to cook for them. Also, it was so good that we got to stay in two different hotels and we got some spare time to visit the places. The most memorable moment of this trip is making those kids smile. I hope to see them in future again.

### 4C Dulal Ishan

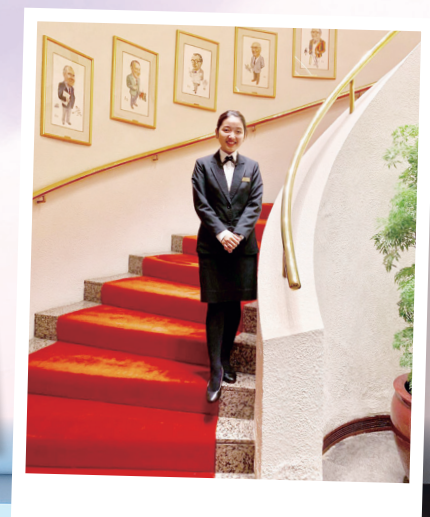

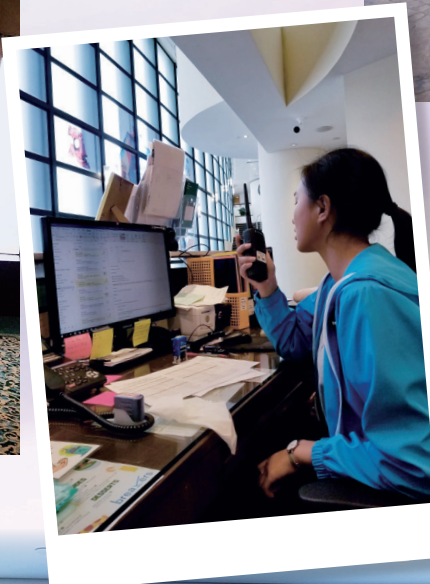

The service tour to Vietnam was a wonderful experience in helping others and to be a team leader. We all helped each other to finish the workshops provided in time. It was fun and adventurous and everyone enjoyed it. The children in Vietnam were very fond of us. It was a memorable service tour. Our guide was a very generous man. He took us to many places and helped us to taste some great food found in Vietnam.

# *Honing Skills In Hospitality Programme 2019*

## *Partnership Programme between Hong Kong and Shanghai Hotels Limited*

The programme completed successfully with a lot of laughs and fun. Rabjee Kaur from 6A, GhisingSoniya and GurungShima from 6C joined the programme this year. It is a partnership program organized by Hong Kong & Shanghai Hotels Limited (HSH) and our school, and designed to help students for their hands-on skills in the hospitality industry.

Apart from empowering our students, the programme helped build the pipeline for future workforce. The programme also facilitated cross-cultural understanding contributing to the long term process of racial inclusion in Hong Kong, and creating shared value for business and society. Honing Skills in Hospitality Programme 2020 will start soon. This programme will continue to grow in impact and influence to nurture the students in our school.

# Children Fitness Instructor Trainee Certificate

12 of our students were awarded the Children Fitness Instructor Trainee Certificate by the Physical Fitness Association of Hong Kong (HKPFA). Thank you Mrs Farida N. Shroff for sponsoring the programme. The training programme and certificates can provide students with a good foundation and qualification for their future career development e.g. Fitness Coach and Kindergarten Teacher.
