

**Interview with Ms. Chan**

Ms. Chan Kwai-yin, Lucia is mostly known as Ms. Chan in SEKSS. She teaches two subject L&S and Home Economics. I wanted to interview her because she seemed like a very cheerful and positive teacher. She also looks very calm and she doesn't get angry easily.

She was very busy and exhausted when we interviewed her. She told us that our class, 1C are behaving well and we are polite and respectful to her. Ms. Chan spends her summer vacation trying a lot of new recipes and dishes. Her dream vacation is to ride a cruise going past the Atlantic. Surprisingly, she doesn't have any siblings.

Being a nurse would be her job if she wasn't a teacher. According to Ms. Chan, she has been a teacher for over 30 years and has been working in SEK for 12 years. Having a good relationship with students is the best thing that has happened since becoming an educator. For her, the most disappointing thing that has happened to her is when the students don't behave well.

One of her hobbies/interest is to go hiking. She goes once a week, specifically every Saturday and it's her only outdoor activity. Ms Chan likes to find new recipes during her free time. She isn't interested in video games although she thinks that video games are not bad as long as you don't get addicted to it. 5 years from now, she wants to start something new in her life.

For me, Ms. Chan is an adventurous person as she likes to try new things in her life. I think a lot of people like her because she is an optimistic person. She is also good at teaching that's why it's easier to understand her lesson.
